

Thomas Bogus

Managing Director for Production, Technology and Logistics and Management Spokesman of AUDI BRUSSELS S.A./N.V.

Thomas Bogus was born in Karlsruhe in 1970. After completing his studies and doctorate at the Karlsruhe Institute of Technology, he began his professional career at Audi in Ingolstadt in 2002.

Until 2009, Bogus was responsible for Industrial Engineering for the Audi brand. In this role, he was responsible for introducing process standards at the Brussels site, among other things.

He then held various management positions within production at the German site in Neckarsulm and the Spanish site in Martorell.

Most recently, he was responsible for project management of all-electric Audi models on the production side at the European and Chinese sites, including the Audi Q8 e-tron model family in Brussels.

Since September 16, 2024, Bogus has been Managing Director for Production, Technology and Logistics and Management Spokesman of AUDI BRUSSELS S.A./N.V.
