### Audi presents new DTM collection

- **Accessories and clothes featuring the Audi A4 DTM**
- **Driver caps particularly popular**
- **Trackside sales and ordering via the Internet**

In time for the seasonal highlight at the Norisring in Nuremberg this coming weekend, Audi is presenting its new DTM collection. The extensive range featuring the Audi A4 DTM offers everything that makes the hearts of true DTM fans beat faster: lanyards, polo-shirts, jackets, bath towels, umbrellas, bags, mouse pads, caps and much, much more. As with previous offerings, the original driver caps – identical to those worn by the Audi factory drivers in the DTM – are expected to be a particularly popular item in the new collection as well. Every cap is embroidered with the main sponsor, name, competition number and signature of the respective driver and sells for 25 euros.

But Audi not only addresses any wish the most popular international touring car series' fans may have: For the Audi R10 TDI, the first diesel-powered sports car that won the legendary 24 Hours of Le Mans in mid-June, there is a dedicated collection as well.

Clothes and accessories from the Audi collection are available at the fan shop of quattro GmbH in the paddock during all DTM races or on the Internet at [www.audi.de](http://www.audi.de).
